

Impact of 2016 Kumamoto Earthquakes on Nippon Gohsei (5th Report)

Our deepest sympathy goes out to those affected by the 2016 Kumamoto Earthquakes. We pray for the fast recovery of the affected areas as early as possible.

We would like to make our 5th report on the situation of Nippon Gohsei as of 9:00 a.m. on April 28.

Description

Situation of Kumamoto Plant

Currently, the operation of our Kumamoto Plant is suspended totally. We have been conducting inspection work to ascertain any damage in a safety-first manner.

As of April 28, we are expecting to restart the production of each type of products as follows:

“OPL-Film”

We already restarted shipping products.

We expect to restart manufacturing each type of products in sequence late in May.

“Gohsenol” and “Gohsenex”

We expect to restart shipping products in May.

We expect to restart manufacturing some types of products in sequence late in May.

We will continue doing our best for the restoration of the Plant, and keep you informed of any progress in the situation.
