“Soarnol” Price increase announcement

Dear Valued Customer,

NIPPON GOHSEI, we take pride in providing our customers with highly advanced “Soarnol” (EVOH) along with intensive technical support in order to meet expanding R&D requirements. Innovation is our priority and this has continued with the recent introduction of our new generation of products. Although “Soarnol” is a specialty chemical, the production cost has been undermined by the continuous increase of raw materials and utility prices.

Consequently, we must proceed with price increase for all “Soarnol” and related products.

1. Area and Increasing Value

Japan	+JPY 30/kg
China	+USD 0.20/kg
Asia - Pacific	+USD 0.20/kg

2. Products

“SoarnolTM”, “G-SoarnolTM”, “SoaresinTM”

3. Effective date:

For shipments on or after January 20 2018

Sincerely,

For further Information
